Attractive New Residential Rate Makes High-Speed Access More Affordable . . .

Turning your existing telephone line into a high-speed Internet connection just became more affordable! Tremendous growth in the number of DSL (Digital Subscriber Line) customers is responsible for a recent price restructuring. **For only \$49.95 per month, you can have 256K high-speed access to the Internet**, which is five times faster than the fastest regular dial-up connection. A few of the many benefits of DSL:

- ⇒ Do **two things at the same time** — talk on the phone and surf the Net at the same time on the same line!
- ⇒ Have **Unlimited "Always-On" access** — no time restrictions and no more waiting to dial-up.
- ⇒ Receive **Reliable Service** — from the telecommunications specialists who have been around for over 100 years!

Call Hamilton.net at 694-6655 for more information today.

We Appreciate You! Customer Appreciation BBQ's Continue in The Fall

Throughout the year 2001, Hamilton Telephone Company is celebrating their 100th year of telephone service. In addition to an Open House held in June, Hamilton is taking the opportunity to let their customers know how much they are appreciated by having a BBQ in each of the communities they serve. In March and April, BBQ's were held in Hordville, Hampton, Marquette, Giltner and Phillips. The following BBQ's are scheduled to be held this Fall: Trumbull on October 22nd; Aurora/Stockham on October 30th; and Doniphan on November 1st. Invitations will be mailed prior to each of these events. Thank you for allowing us the opportunity to serve you!

Did you know?...

According to the FCC's biannual report, *Trends in Telephone Service*

- ◆ As of July 2000, 99.1 million households had telephone service.
- ◆ The average monthly local residential charge for service was \$19.87 in October 1999, as compared to \$19.24 in 1990.
- ◆ The number of calls made from the United States to other countries increased from 200 million in 1980, to 5.2 billion in 1999.

This report can be found online at <http://www.fcc.gov/ccb/stats>.
